ADULT PSYCHIATRIC BEDS IN SUPERIOR

- Superior does not have a shortfall of acute psychiatric beds, though it is possible that a bottleneck could be created due to additional bed occupants from outside the region.
- Superior has a subacute psychiatric bed shortfall of 401 beds, or 15.9 beds per 100,000 adults.
- Superior has a residential psychiatric bed shortfall of 69 beds, or 2.7 beds per 100,000 adults.

Per 100,000	na	15.9	2.7

**Note: State hospital beds were not included in calculations of psychiatric bed capacity. Over 90% of state hospital beds are occupied by individuals who are incompetent to stand trial, a population with unique constraints that does not apply to the local behavioral health continuum. Exclusion of state hospitals has the secondary benefit of modeling need for psychiatric beds if state hospitals were transitioned to local, community-based alternatives.*
